

## **PHP Backend Developer (m/f/d)**

We are looking for a Backend Developer (PHP) to join our multinational IT organisation and help us further develop our RESTful API. Are you interested to work in a newly formed team, within an IT team with over 25 different nationalities? Then read on!

### **What your job could be ...**

You will be on of the first developers in our newly formed PHP team. You will develop RESTful API's to mediate our apps in 10 different European countries and Vietnam as well as further engineer our API's, which act as the layer for our Backend systems. You will use your expertise concerning continuous integration, RESTful APIs, MicroServices and other related key topics. You'll explore new technologies and share your insights with your team, all with the aim of creating a unique level of convenience for our end-users.

### **The position**

- Maintain and implement new features on our API to support new app feature; development and enhancements in an agile environment
- Write robust, high quality and well- performing PHP code
- Set-up efficient and high performing database queries in MySQL
- Work collaboratively with our Back Office Team to create new endpoints and update existing ones as required
- Work closely in a cross-functional and international Agile team where English is our main language

### **Your profile**

- 2+ years of professional PHP(7) knowledge and experience
- Experienced with writing OOP and familiar with dependency injection
- You have proven work experience with the Laravel Framework
- Experienced writing CI / Unit tests
- Familiar with the methods and tools: Peer-reviews, PHPUnit, PSR-2, Agile, Jira, GIT, Memcache
- You are fluent in English

## **Our offer**

- Work in a young, dynamic and international eCommerce company with flat hierarchies
- Short decision-making processes and room for initiative
- Company contribution toward your pension saving
- Awesome (global) team events like the summer party, skiing trip and more!
- Table football, billiard and Playstation in the kitchen
- Contribution to your travel cost with the amount of the BVG monthly abonnement
- An attractive location with roof terrace close to Potsdamer Platz
- Workshops, conferences and training seminars to support our growing team
- Inhouse German language courses
